

## Arts and Humanities: Music and Dance

### Rhythm Name Project

For this project you will create and decorate a sign showing the rhythm with which your name is spoken. You will then decorate the sign with four images that represent you (such as your hobbies, activities, favorite movies, pets, family, etc...).

Follow the steps bellow and use the rubric to check for completeness of the project.

#### Step 1

Write you full name neatly below the music staff. Use the majority of the space from left to right – don't bunch up your name in the middle

#### Step 2

Decide on the rhythm you think best fits your name. Use the rhythm chart you filled out in class to help decide on the rhythm for your name. Use whole, half, quarter, eighth, and/or sixteenth notes to determine your "name rhythm"

#### Step 3

Write the rhythm from step two above your name on any of the spaces in the music staff. Make sure to line up the rhythm with you name

#### Step 4

Decorate the entire page by adding a border, and color, and adding FOUR images that represent you (such as your hobbies, activities, favorite movies, pets, family, etc...).

#### Grading:

10 points: Name written neatly below music staff

40 points: Rhythm written neatly and accurately above your name

40 points: Decorations include four images that clearly identify your interests, activities, or things about you

10 points: Use color to decorate your sign and the sign is neat and well-organized showing great effort

100 points total
